**GNOME HOME ROOM**

**It all started with an idea...**

How can we involve children in a community project here at the Trails Center and create an impetus for outdoor activity? The answer?! Gnomes, gnomes and more gnomes! Talented local carpenters joined forces with the Rangeley Lakes Regional School and the Gnome Home Room was born! Over 30 gnomes (and counting) created by RLRS student artists reside amongst the trails in homes crafted by Marty V and his fellow carpenters. Grab a Gnome Home Room map and let the fun begin!\*

# Quick Trips to Scenic Vistas

## **Height of the Land**

Arguable the most iconic view in the Rangeley area! The sweeping views of the Rangeley Lakes and the mountains surrounding our area make this an incredible view no matter what time of the season it is. From our office, head towards Oquossoc. Once in Oquossoc, turn left on to Route 17 and follow for about 11 miles. You will arrive to the full and unforgettable views from the Height of the Land on the right! For more information, visit [experiencerangeley.com/height-of-land/](http://experiencerangeley.com/height-of-land/).

## **Shelton Noyes Overlook**

From our office, head out towards Oquossoc. Once in Oquossoc, turn left on to Route 17 and follow for 5 miles. On the left you will see the Noyes Overlook, offering eastward views of Rangeley Lake and beautiful views of both Bald and Saddleback mountains!

## **Whip Willow Farm Overlook**

Just one mile away from our office in Downtown Rangeley, head south on Route 4 towards Farmington. This overlook will be on your right after you pass the IGA. The Whip Willow Farm Overlook is well known for the spot to be at to watch the sun set over Rangeley Lake!

# Snowy Scenic Drives

Routes 4 and 17 both wrap around the Rangeley area, and were recently named as part of the National Scenic Byway. The route scales the Appalachian Mountain ridge line before dropping to rolling hills and valleys. The route is dotted with scenic overlooks, but Height of the Land on Route 17 is the route's showstopper, with stunning views of Mooselookmeguntic and Upper Richardson lakes, Toothaker Island, and richly forested mountainsides. Be sure to keep your eyes on the road and not just on the views. The road is fairly curvy and highly traveled in summer months, and icy during the winter months. Overlooks on the sides are well marked and there are designated places for parking.

## Catch A Glimpse Of The Local Wildlife...

**Route 16 from Rangeley towards Stratton.** Just before you reach the village of Stratton there are two sand pits where the moose tend to dine in the evening and late-night hours. Also be on the lookout for deer as they are easily spooked and may jump into the road quickly. Go slow, enjoy the ride, and see what you may find!

**Route 16 from Oquossoc to Errol, NH.** This is also a great road for moose, deer, and wild turkey! Keep your eyes wide because the moose tend to hang out on the sides of the roads!

**Route 17 between Oquossoc and Rumford.** If you leave before dark you might even be able to catch the sunset over Mooselookmeguntic Lake from the Height of the Land!

### **Route 4 between Rangeley and Phillips.**

If you didn't already see some wildlife on your travels here, the main route into Rangeley is best known for moose and deer! Head out of Rangeley towards Farmington, after you come out of the "s-curves" right before double lane hill/ smalls falls area is a hot spot for Moose. Road salt finds its way into the ditches in the spring after the snow melts, and Moose LOVE salt. They hang out inside the guard rails and enjoy the treat!

Once you reach Phillips, the hollow before Alpacaville is also hot for Moose!

## Massages

### Hot Stone Massage

Hot stones promote deeper muscle relaxation through the use of smooth, water heated stones on tense or sore muscles. This promotes better blood flow to the area, allowing the therapist to access deeper muscle layers.

### Deep Tissue Massage

Deep tissue massage includes a variety of techniques using firm pressure and slow, controlled movements to release knots and muscle tension of overused or stressed muscles.

### Swedish Massage

Swedish massage is one of the most commonly offered massage techniques. It's sometimes called a classic massage.

The technique aims to promote relaxation by releasing muscle tension. Swedish massage is gentler than deep tissue massage and better suited for people interested in relaxation and tension relief.

### Swedish/Deep Tissue Massage Combo

## Facials

## WHEN YOU LEAVE YOUR RENTAL

Please...

- **Check out at 10:00 a.m.** to help the housekeepers stay on schedule! 😊
- Check for any personal items. There's nothing worse than leaving something behind! Double check under beds and couches!
- Please clean out the refrigerator. If you have any un-opened food to leave behind, we do have housekeepers bring that to the local food pantry as part of our Fork It Over donation program!
- Please wash any dirty dishes or start the dishwasher. Old dishes with food left in the sink attract critters we don't want!
- Place trash outside the home. Place in outdoor trash barrels when supplied, or use the dumpster if you are in a cottage community.
- All the bottles and cans you leave behind are returned to Morton & Furbish to be picked up and recycled. All monies from this are donated to a local non-profit in the Rangeley Area.
- If staying at a pet friendly property, please pick up pet waste from outside common areas.
- **Help homeowners conserve on their energy bills:**
  - Turn heat down to 55.
  - Turn off lights (interior and exterior).
  - Make sure all windows and doors are closed.
  - Turn off any bedroom fans and/or fireplaces.
- Please fill out the comment card and list any maintenance concerns.
- Leave comment card and keys on the counter.
- Please leave unit **UNLOCKED** if possible.
- Follow the link in your departure email to fill out online review.

**HAVE A SAFE TRIP HOME!!**
